OBJECTIVE

MERN Stack Developer with a strong foundation in web development, seeking full-time roles to leverage my skills in MongoDB, Express.js, React, and Node.js. Eager to contribute to innovative projects in a dynamic and growth-oriented environment.

EDUCATION

Bachelor of Engineering in Computer Science at SPPU **Expected 2025**
With CGPA : 8.33 / 10
Relevant Coursework: Data Structures and Algorithms, Web Development, Database Management Systems, Object-Oriented Programming, Software Engineering, Computer Networks, and Full-Stack Development.

Higer Secondary Education, Maharashtra Board **2020 - 2021**
with Precentage : 87

SKILLS

Technical Skills	DataBase Management,Git, Github, Sql Database,Microsoft Office, NoSql DataBase
FrontEnd Technologies	React Js, Next Js , Html, Css, JavaScript, Axios, Bootstrap, Tailwind.
BackEnd Technologies	Node Js, Express Js, Api Handling, Authentication, Authorization, Validation
DataBase	MonogoDB, Sql, postgresql
Programming Language	Java, Python, c, c++
Soft Skills	Problem-solving, Team collaboration, Communication, Time management, Leadership
Sport Activity	Cricket, Badmintan, Mobile Games

PROJECTS

WanderLust(clone of Airbub) Developed a full-stack web application using Node.js, Express, MongoDB, and EJS templates. Implemented user authentication and authorization using Passport.js. Designed and validated user inputs to ensure data integrity and security. Created RESTful APIs and implemented routing for seamless navigation. Built and integrated dynamic, responsive user interfaces using EJS templates! (Try it here)

Weather App Built a weather application using React to fetch and display weather data. Integrated third-party API to retrieve real-time weather information. Implemented responsive UI components using React and styled with Tailwind CSS. Ensured efficient state management and optimized API calls.(Try it here)

currencyConvertor Developed a Currency Converter application using React to convert between different currencies. Integrated a third-party API (e.g., Fixer API, Exchange Rates API) to fetch real-time exchange rates. Implemented a user-friendly interface allowing users to input amounts and select currencies for conversion. Utilized React Hooks (e.g., useState, useEffect) for managing state and performing API calls. Designed responsive layouts using CSS or a CSS framework like Tailwind for optimal user experience across devices. Deployed the application on platforms like GitHub Pages or onRender for accessibility.calls.(Try it here)

Spotify UI Clone using HTML,CSS Developed a responsive user interface resembling the Spotify application using HTML and CSS. Implemented layout components such as headers, playlists, and music player controls. Styled components to closely mimic Spotify's design using CSS techniques. Ensured cross-browser compatibility and responsive design principles.(Try it here)

50 Days 50 Simple Projects Completed a series of 50 small projects using vanilla HTML, CSS, and JavaScript. Projects included interactive elements, animations, and responsive designs. Demonstrated proficiency in front-end web development techniques.(Try it here)

EXTRA-CURRICULAR ACTIVITIES

- Played cricket at college level, fostering teamwork and sportsmanship.

- Participated in web development hackathons, developing skills in rapid prototyping and collaborative coding.

- Regularly solve LeetCode questions to enhance problem-solving abilities and algorithmic thinking.

- Explored historical forts through travel, fostering a passion for history and cultural exploration.

LEADERSHIP

- Proactively organized and captained cricket teams at the college level, fostering teamwork, discipline, and sportsmanship among peers.

- Participated in web development hackathons, leading teams to prototype and develop innovative solutions under tight deadlines.

- Regularly solve LeetCode problems to hone problem-solving skills and algorithmic thinking, consistently achieving top scores.

- Explored historical forts during travels, demonstrating curiosity, cultural appreciation, and a sense of adventure.

- Advocate for inclusivity and collaboration, fostering a supportive environment where diverse perspectives thrive and contribute to collective success.

- Effective communicator and listener, adept at articulating ideas, giving feedback, and facilitating productive discussions in team settings.
